

To the FCC:

We are writing to protest the abuse of the public airwaves by the Sinclair network in its attempting to force its stations to air the "Stolen Honor" program.

Even for stations which might not feel coerced into showing this film, the subject, timing, and treatment of the film is such that airing it to the exclusion of any material showing a contrary view is clearly an in-kind, illegal contribution to the Bush campaign.

It is your duty to properly regulate and maintain the integrity of the media.

Thank you very much,
Donn Slizeski and Genevieve Navar
